Dear **Student First Name** and family,

Congratulations on completing the Young Musicians' Course at the end of this semester! You have had a wide range of musical experiences and gained many valuable skills during the course.

For students who have graduated from the Junior Extension Course, we recommend you continue your music education by joining the Junior Advanced Course. You are now reaching more advanced levels and there is much educational benefit in continuing to learn in a group environment. Students are motivated by interacting with their peers and sharing the enjoyment of creating music together. But more importantly, many of the musical skills and techniques experienced in the group class cannot be duplicated by attending only private lessons. Please see the enclosed information sheet for details about the course.

At this level we recommend you begin private lessons in addition to the group class. The private lesson is 30 minutes in duration and you may choose to attend weekly or fortnightly. In this lesson you will be learning important piano skills including solo performance, technical skills and sight reading. Depending on your interests and achievement goals, you may also choose to prepare for and sit piano exams and participate in the Yamaha Solo Festival.

We are offering the Junior Advanced Course Book 1 at the following times and locations:
